Classes

CSS Selectors by Class

```
.class {
    property: value;
    property: value;
    …(as many as you want)
}

This rule applies to a all the HTML elements that have
the matching class.

*Note: it can't have spaces or start with a number.
```

CSS Selectors by Class

```
<h1 class="a"> Hello </h1>
<h1 class="b"> Hello </h1>
<h1 class="a"> Hello </h1>
<h1 class="b"> Hello </h1>
```

```css
.a {
    color: red;
}

.b {
    color: green;
}
```

Hello
Hello
Hello
Hello
